Please note: Not all Government expenditure for the region is shown. Dollar amounts may include capital and operating expenditure, though may not represent the entire funding allocated.
Commitment to sport and recreation in Logan

The Palaszczuk Government is committed to providing Queenslanders with access to community facilities that encourage an active and healthy lifestyle. Logan residents are set to benefit from an ongoing investment in sport and recreation that aims to reduce barriers to participation in physical activity and provide more opportunities for community members to be active.

The Government is investing $9 million in the redevelopment of the Underwood Sports Park at Priestdale, which is set to become a multi-purpose community precinct. After community consultation and in collaboration with Logan City Council, planning is now underway for the redevelopment.

The Government is also investing $266,000 in new facilities at the Jimboomba Redbacks AFL Club to help the club increase the number of women and girls playing sport.

Government funding will also support community organisations to help with parents and carers to increase participation in physical activities for children up to eight years old.

New schools for Yarrabilba’s growing community

The Palaszczuk Government has committed $51 million to build the first stage of a new secondary school in Yarrabilba, one of the State’s fastest-growing master planned communities. The first sod was turned in March 2019.

Yarrabilba State High School is one of eight new Queensland state schools to open in 2020, welcoming Year 7 and 8 students at the start of the school year. The high school is also the second state school to be constructed in the Yarrabilba Priority Development Area within Logan City.

Yarrabilba State Primary School opened in 2018 and its construction was completed in two stages, with the Government accelerating the second stage to ensure the primary school could meet anticipated enrolment demands in 2019.

The Yarrabilba Family, Children and Community Hub is co-located on the primary school site. The hub co-locates a range of services, and offers educational, social and health-related activities for the community, particularly families with young children.
Queensland’s diversified economy provides a unique business environment that places the State ahead of the pack. The Palaszczuk Government continues to work with and support businesses to create employment opportunities and community prosperity.

+ $12.9 billion capital works program to directly support 40,500 jobs across Queensland in 2019-20.
+ $2.7 billion to support safe, secure, reliable and cost-effective energy and water, and to enhance the productive capacity of businesses, industries and communities.
+ $2.6 billion police operating budget as well as $69.8 million capital for new, upgraded and replacement police facilities, including $28 million to continue work on the $52.2 million Counter-Terrorism and Community Safety Training Centre at Wacol.
+ $1.2 billion education portfolio capital program, including new schools, education facilities, and refurbishments.
+ $777.7 million for health infrastructure to support service delivery.
+ $479.3 million for new social housing and upgrades.
+ $254 million in joint funding with the Australian Government for additional natural disaster recovery packages.
+ $250 million to CleanCo for new renewable energy generation, creating more jobs on top of the 4000 Queensland jobs in the solar, wind and hydro sectors.
+ $420 million towards Skilling Queenslanders for Work, to help eligible Queenslanders get the skills, qualifications and direct assistance they need to enter and stay in the workforce.
+ From joint commitments totalling $39 million for business and industry, the Queensland and Australian governments will provide a $22 million Beef Recovery Package, to tackle devastation from the North and Far North Queensland monsoon trough. The Queensland Rural and Industry Development Authority will administer Australian Government funding of $300 million over three years to assist primary producers and their stock get back on their feet.

Queensland’s diverse industries and communities.
