#### Notes:

1. The *Queensland Academy of Sport Act 2025* was passed by the Queensland Parliament on 1 May 2025 and establishes the Queensland Academy of Sport as a statutory body to position Queensland for strong medal contention for upcoming games cycles. Subsequently the service area has been renamed from 'Sport and Recreation and Queensland Academy of Sport' to 'Sport'.
2. Following introduction of this service standard in the *2024–25 Service Delivery Statements*, the 2025–26 Target/Estimate remains 60 per cent due to a number of factors continuing to impact the redemption rate. The department continues to implement improvement opportunities as identified through an external evaluation.

3. This service standard was introduced into the *2024–25 Service Delivery Statements* with a 2024–25 Target/Estimate of 70 per cent. The positive variance between the 2024–25 Target/Estimate and the 2024–25 Estimated Actual may be attributed to several factors – including the new data collection process and specific question posed to the Active Industry Base Fund funded organisations. Based on insights gained from the first year of implementing this service standard, the 2025–26 Target/Estimate has been increased to 80 per cent.
4. The variance between the 2024–25 Target/Estimate and 2024–25 Estimated Actual is due to an increased budget allocation amplifying program efficiency. The 2025–26 Target/Estimate remains unchanged while the new sport strategy is under development.
5. The variance between the 2024–25 Target/Estimate and 2024–25 Estimated Actual is due to lower than anticipated system and corporate costs. The 2025–26 Target/Estimate remains unchanged while the new sport strategy is under development.
6. As part of the machinery-of-government changes effective 1 November 2024, the Racing service and service standards have transferred to the Department of Sport, Racing and Olympic and Paralympic Games. It was previously presented in the (former) Department of State Development and Infrastructure *2024–25 Service Delivery Statements*.
7. One Racing Infrastructure Fund application was received in 2024–25. As this application was received during Caretaker period in October 2024, it was unable to be progressed. The application has been held pending the outcome of the Independent Racing Review, expected to be completed in late 2025.
8. This service standard has been discontinued for the department due to Queensland Academy of Sport transitioning to a statutory body from 1 July 2025. The Queensland Academy of Sport will continue to measure performance as a statutory body enabling extraordinary sporting success amongst Queensland's Olympic and Paralympic athletes.
9. The positive variance between the 2024–25 Target/Estimate and 2024–25 Estimated Actual is due to several collaborative research agreements executed in Q2 and Q3 of 2024–25, which delivered significantly greater than 1:1 leverage.

# Olympic and Paralympic Games Office<sup>1, 2</sup>

## Objective

Lead the coordination of government responsibilities to facilitate delivery of a world-class Olympic and Paralympic Games that leaves a positive legacy for Queenslanders.

## Description

The Olympic and Paralympic Games Office:

- lead the Games wide coordination
- drives legacy outcomes across Queensland through collaboration with Games Delivery Partners

Service standards will be developed for introduction in the *2026–27 Service Delivery Statements*.

Notes:

1. This is a new Service Area being introduced in the *2025–26 Service Delivery Statements* following release of *Delivering 2032 and Beyond* (the 2032 Delivery Plan) which identified Games coordination and Legacy functions would transfer from the Games Independent Infrastructure and Coordination Authority to the Department of Sport, Racing and Olympic and Paralympic Games (the department). The Olympic and Paralympic Games Office (OPGO) was transferred from the (former) Department of State Development and Infrastructure (DSDI) to the department. These transfers were effective 1 November 2024 as part of the machinery-of-government changes.
2. Functions of the OPGO were previously presented in the (former) DSDI *2024–25 Service Delivery Statements* under the 'Brisbane 2032 Coordination Office' Service Area.

3. The deficit in the 2024-25 Estimated Actual is as a result of the Sport and Recreation Venues having increased operational expenses and the revenue generated from facility fees and charges does not cover these expenses. Further to this, the aftereffects of Ex-Tropical Cyclone Alfred created impacts on reservations at the venues.
4. The 2024–25 Adjusted Budget and 2024–25 Estimated Actual information disclosed is presented on a post-machinery-of-government basis.

3. The change in the Departmental FTEs from the 2024–25 Adjusted Budget and the 2024–25 Estimated Actual to the 2025–26 Budget relates to the transfer of FTEs to the Queensland Academy of Sport as it transitions to a statutory body. This is largely offset by the allocation of new FTEs for Sport and Olympic and Paralympic Games Office delivery.
4. Corporate FTEs are allocated across the service to which they relate.

## Capital program

The department's total capital outlays are estimated to be \$201 million in 2025–26 consisting of a spend on capital purchases and capital grants which support the sport and active recreation industries.

# Budgeted financial statements

## Departmental income statement

### Controlled income statement

The department's total expenses are estimated to be \$395.4 million in 2025–26, a decrease of \$1.4 million from the 2024–25 Estimated Actual primarily due to the transfer of funding for the Queensland Academy of Sport from Controlled to Administered as it transitions to a Statutory Body effective from 1 July 2025 and the transfer of the Tourism function to the Department of Environment, Tourism, Science and Innovation effective from 1 November 2024. This is largely offset by the allocation of new funding for Government Election Commitments and other programs.

The deficit in the 2024–25 Estimated Actual is as a result of Sport and Recreation Venues having increased operational expenses and the revenue generated from facility fees and charges does not cover these expenses. Further to this, the aftereffects of Ex-Tropical Cyclone Alfred created impacts on reservations at the venues.

The expenses for 2025–26 primarily include the following grant programs:

- *Play On! Voucher Program*
- *Games On! Grassroots Infrastructure Program*
- Rockhampton Sports Precinct
- Community and Recreational Assets Recovery and Resilience Program to support sport and recreation organisations with the clean-up and repair of equipment and facilities damaged from rain and flooding events
- Sport and Recreation Recovery Grants
- Browne Park Redevelopment Stage 1
- Police Citizens Youth Club (PCYC) Capital Works
- Racing Infrastructure Fund.

### Administered income statement

Administered activities are those undertaken by departments on behalf of the government.

The department administers funds on behalf of the state which include provision of funding for Stadiums Queensland and Racing Queensland. From 1 July 2025, the department will administer funds for Queensland Academy of Sport.

Stadiums Queensland is a statutory body which manages, develops, operates and promotes the use of the State's major sport, entertainment and recreation facilities. Stadiums Queensland currently owns 9 venues across its diverse portfolio throughout Queensland.

Racing Queensland's primary function, under the *Racing Act 2002*, is to be the control body in relation to each of the board codes of racing (thoroughbred, greyhound and harness) and to manage the codes of racing.

Queensland Academy of Sport is established to enable extraordinary sporting success amongst Queensland's Olympic and Paralympic athletes.

## Departmental balance sheet

The department's major assets are in property, plant and equipment with the department having facilities located throughout Queensland. In 2025–26, the department will invest \$38.1 million in capital purchases through its capital program to enhance existing state-owned sport and active recreation facilities to deliver quality experiences that inspire physical activity.
