1 Thursday Island Hospital

\$9.5 million in 2023-24 out of a \$66.4 million total spend for the redevelopment of the Thursday Island Hospital, the separate Primary Health Care Centre, and delivery of a new CT scanner that will combine a series of x-ray images to create 3D images of bones, organs, and other parts of the body. The redevelopment will include 31 inpatient beds including an extra negative pressure isolation room, 7 emergency department spaces, a new operating theatre with 4 recovery spaces, a birthing suite and extra space for emergency birthing, and 5 outpatient rooms.

3 Cairns Marine Precinct - Common User Facility

\$5.6 million in 2023-24 out of a \$360 million total spend for development of the Cairns Marine Precinct Common User Facility, subject to approvals. Preconstruction tests and other preliminary work is underway. The facility will enable larger vessels to be repaired in Cairns, including Defence, commercial and private vessels. These investments will create local jobs and strengthen Cairns as a leading maintenance, repair and overhaul destination in the region. Delivered in partnership with the Australian Government.

5 Malanda State School

\$1.3 million in 2023-24 out of a \$1.4 million total spend to enclose the existing covered basketball courts to create an indoor weatherproof space. The enclosed space will provide an all-weather accessible space for play and education, including supporting STEM programs, enhancing the school's drone program, and providing a meeting space for the local community.

2 Cairns Hospital

\$37 million in 2023-24 out of a \$389.3 million total spend for a range of projects, including the delivery of a new surgical centre, the construction of a new mental health unit, and the expansion of the emergency department to deliver a new pre-admission clinic and an additional endoscopy room. Also includes the \$250 million major expansion to the hospital that will deliver around 96 extra beds and provide an expanded capacity for elective and emergency surgery. Part of the Capacity Expansion Program.

4 Atherton Neighbourhood Centre

\$3 million in 2023-24 out of a \$4.1 million total spend towards the redevelopment of a new neighbourhood centre in Atherton. The redevelopment will enhance the existing support and services available from the centre and will include a large community garden and meeting space for community events, with the goal of creating a one-stop community services precinct. Delivered in partnership with the Australian Government.

6 Kaban Wind Farm capacity purchase agreement

\$343.7 million in 2023-24 to exercise the rights to 157 megawatts of renewable energy capacity from a new wind farm in the Atherton Tablelands region. The Kaban Wind Farm, being developed by Neoen, will consist of 28 wind turbines and will supply around 457 gigawatt hours of electricity each year, enough to power 96,000 homes. During construction, this project will support up to 250 jobs and provide clean renewable energy for the grid.

Regional Trade Distribution Centre takes off in Cairns

The Queensland Government has committed \$20 million to deliver 2 regional trade distribution centres to support Queensland producers to grow their businesses, with the newest facility opening at the Cairns Airport. This investment has been funded by the government's Jobs and Regional Growth Fund.

The Regional Trade Distribution Centre Cairns opened in March 2023 following a one-year construction period that supported more than 200 jobs. The new facility is assisting producers to export fish and crustaceans (live and frozen), avocados, mangoes, and other fresh produce. With 2,400 square metres of space, the facility has ample capacity for future growth.

With a second trade distribution centre in Toowoomba, Queensland producers across the state now have greatly improved access to first-class facilities. Investing in export infrastructure will help more producers to capitalise on Queensland's global reputation as a leader in the production and processing of quality produce.

Good jobs. Better services. Great lifestyle.

More jobs in more industries

Good, secure jobs in our traditional and emerging industries

Queensland is building on its advantages in traditional and emerging industries that support good, secure jobs. The Queensland Government's economic strategy will help Queensland businesses to take advantage of these opportunities and grow the economy.

Better services

Deliver even better services right across Queensland

A growing economy will allow the government to deliver better services across the state, including in education, justice and social services. High-quality services improve the lives of Queenslanders and help everyone to participate fully in our economy and our community.

Protecting Queenslanders' lifestyle

Protect and enhance our Queensland lifestyle as we grow

Our great Queensland lifestyle will be protected while the economy grows. The Queensland Government is investing in crucial infrastructure to support our growing population, reducing cost-of-living pressures and taking care of our natural environment.
